07:00 **Welcome Remarks**

Moderator:

Tor Fjaeran President, World Petroleum Council (WPC)

09:00 - 10:30 **Opening Plenary: Energy Transition - the changing role of the oil and gas industry**

With world population due to reach nearly 10 billion people by 2050, the need for energy has never been greater. How this energy is produced and used is pivotal in reducing the global carbon footprint. Anticipating and responding to global developments is leading to a transformation of oil and gas companies into energy businesses, who put sustainability at the top of their agenda. What are the key scenarios and how can industry meet the expectations from their stakeholders, including local communities, finance and shareholders?

Moderator:

Dr. Sun Xiansheng Secretary General, International Energy Forum (IEF)
